Sunday	Oct. 27	9 a.m.-1 p.m.
Saturday	Nov. 18	9 a.m.-1 p.m.
Sunday	Dec. 15	9 a.m.-1 p.m.

Southern Arizona Rocketry Association (SARA)

We have an FAA waiver allowing high power rockets flying to an altitude of 4500' Above Ground Level (AGL), with call in windows to 6500' AGL.

SARA provides launch pads and ignition systems.

All ages and skill levels are welcome to participate, or just come out to watch and have fun!

Launch fees are \$5. Members and kids under 18 fly free. Spectators are always free.

Rent-a-Roc rocket rentals are available for \$2 per launch and include a motor!

SARA is Section 545 of the National Association of Rocketry (NAR) and Prefecture 93 of the Tripoli Rocketry Association (TRA), formed in 1994 for those in southern Arizona (e.g. Tucson and the rest of the state south of the Gila River). Our goal is to promote model and high power rocketry, educate ourselves and the public, and to have fun. We have members with a wide range of interests and skill levels. Some are beginners building their first model rockets and several are participating in high power rocketry (HPR).

Launch schedule is subject to change; please check our Web site for the most current information.
